Celebrating the People

Who Make the Magic Happen

World Teachers' Day – Friday 30 October

World Teachers' Day is an opportunity to pause and celebrate the remarkable people who make a difference every single day—our teachers.

Teaching has never been a simple profession. Every lesson requires preparation. Every student brings unique strengths and challenges. Every day involves hundreds of decisions, countless conversations and an unwavering commitment to helping young people succeed. Yet despite the demands, teachers continue to inspire, encourage and believe in students, often long before students believe in themselves.

The impact of a great teacher extends far beyond the classroom. Teachers build confidence, spark curiosity, develop resilience and create opportunities that can change the direction of a child's life. Years from now, many students won't remember the lessons they were taught but they will remember how a teacher made them feel—safe, valued, capable and supported.

World Teachers' Day is a reminder for parents and communities to acknowledge the incredible work that often happens quietly behind the scenes. A sincere thank you, a handwritten note or a few words of appreciation can mean far more than we realise.

To every teacher:

- Thank you for your patience when days are difficult.
- Thank you for your creativity when resources are limited.
- Thank you for your care, encouragement and belief in every child.
- Thank you for the difference you make that may never fully be seen.

Great schools are built on great teachers. On World Teachers' Day, let's celebrate the professionals who show up each day with courage, compassion and hope. Your work matters, your influence lasts a lifetime, and your contribution to our communities is truly extraordinary.

THANK YOU!

FINAL CURRICULUM DAY FOR 2026

NO CHILDREN TO ATTEND SCHOOL - FRIDAY 27TH NOVEMBER

Students do not attend school on this day. Team Kids will be providing a program on this day.

On the last day of Terms One, Two and Three we have an early dismissal time of 2:30pm and on the last day of Term Four we finish at 1:30pm.

Importance of School Attendance

Well done to our amazing students who are reaching the common goal of 94% or above attendance. Your efforts towards your learning are tremendous and we truly congratulate you.

Sadly, there is still some bouts of Influenza A and RSV around, we strongly encourage these students to remain at home until well enough to return.

Please remember to notify the school if your child will be late or absent. You can record absences through Sentral, or call 97989 0077.

In line with the Department's School Attendance Guidelines, the school must record the reason for each absence. Absences will be marked as 'approved' or 'unapproved', if a reason is not provided, they will not be approved.

Reasons generally accepted include:

- Medical or dental appointments when out-of-hours appointments are not possible or appropriate.
 - Bereavement, funerals or Sorry Business.
- School refusal, where teachers are aware and a support plan is in place.
- Cultural observances, if the parent/carer notifies the school in advance.
- Family holidays, if the parent/carer notifies the school in advance.

Parent Choice without a reason will be marked as unapproved until a reason is provided.

Kingsley Park acknowledges the Traditional owners of Country throughout Australia and recognises the continuing connection to lands, waters and community.
We pay our respect to Aboriginal and Torres Strait Islander cultures; and to Elders past and present.

Teacher-Parent Communication:

To ensure our full energy goes to teaching your children during the day, teachers check Sentral portal messages between 3:15 PM-4:30 PM. Please allow 24 to 48 business hours for a response. Teachers are on duty in classrooms from 8.35am-8.45am and again after school 3.15pm-3.30pm, their priority at this time is to their students. Quick messages or updates are fine to pass on before school but please do not expect a private conversation as teachers have a duty of care to students in their rooms. If you require a time to speak with your child's teacher, please book a meeting time or ask them to give you a call. For urgent same-day matters such as pick-up changes, please contact the front office directly.

pevan & sarah

On Monday 19th October, our excited Preps headed off on their very first excursion to see Pevan and Sarah Live, at the Frankston Arts Centre! There were lots of happy faces as we hopped on the bus and set off for a morning full of fun, music and dancing.

The Preppies had an absolute blast singing and dancing along to all their favourite songs that they have been enjoying in the classroom. The excitement reached a whole new level when one lucky Prep and one lucky teacher got the chance to join Sarah and Pevan up on stage. How special is that!

But the fun didn't stop there! We jumped back on the bus and headed to Ballam Park, to play on the playground with our friends and eat our lunch enjoying the beautiful sunshine. What an action-packed day full of singing, dancing, laughter and adventure! Our first Prep excursion was certainly a big hit!

Merry Christmas 2026

FRIDAY 6TH NOVEMBER

Due to popular demand, Madi is returning in 2026 for our Themed Photo fundraiser.

Photo orders can be placed via the QKR app up until 9am on Wednesday 4th November.

Children are invited to have their photo taken in a Christmas theme frame,
with digital image or card printed image available prior to Christmas.

Children should bring along a Christmas themed top to change into
for the photo and may also have the photo taken with a sibling if requested.

All monies raised from this event goes towards improving Kingsley Park and
we sincerely thank Madi Mckenzie from MP.Moments Photography for making this possible.

Photo date : Friday 6th November

Digital copy : \$5

Printed and laminated copy plus a digital copy : \$10

Please order via QKR by 9am Wednesday 4th November

Our Commitment to Respectful Relationships

**Kingsley Park Primary School is a Respectful Relationships Partner school.
We are committed to promoting, acknowledging, and modeling
respect and equality for all interactions at our school:**

**Between staff and students,
Students and students,
Staff and families
and between staff members.**

**All visitors to Kingsley Park Primary School are asked to speak and act
respectfully to all in our school community and to use
inclusive and respectful language.**

We believe that everyone has a right to be seen, heard, valued and respected.

Everyone deserves to feel like they belong.

**Our whole-school approach to Respectful Relationships aims to create a future
where family violence and gender inequality are not tolerated.**

TIME TO PLAN AHEAD!

I respect that it is scary to think about 2027, but we are finalising our enrolment numbers and whole school structure. If you have any intentions to unfortunately leave KPPS in the next 6 months, please let the school office know ASAP. Your decision does not need to be confirmed and does not mean your child loses their spot if you change your mind but giving us a heads up is very helpful. This information is vital for the school to budget and plan for staffing in 2027. We do not want any children to be stuck in classes that are too big or only have a few kids, but this relies on us knowing who will be here. If you suspect you may be moving house, travelling overseas or you know your visa is expiring, please communicate this to office as soon as possible. If you have a child starting school in 2027, please visit the VicStudents portal via this link <https://students.educationapps.vic.gov.au/s/> to create an account and complete the online application form ASAP given that offers have been sent out.

2027 Class structure

In 2027, we are returning to having some multiage classes in Middle and Senior levels. Our Years 3& 4 will be multiage Middle classes and years 5 & 6 will be multiage Senior classes.

I understand that this can raise mixed feelings with some parents, in the end we want to see our students in the smallest possible class sizes that work for all.

Learning and teaching has come a long way, mixed classes should be referred to as multiage as they cover a range of ages and levels. An age does not define your learning level, students learn at different rates all the time, some are stronger in some curriculum areas before others and still need to strengthen other areas, in the end, regardless of the year level in any classrooms, teachers are teaching to the point of need of students.

This means some students are being taught above their 'expected' level for extension and some are being taught below their 'expected' level for enhancement. Some are taught at their 'expected level' at all times as they sit in the average expected learning space for their age.

In the past, we have had multiage levels across all years except Prep and some years we have had a combination of both. What we have found is that consistency across the cohort works best and is fairer for all.

In 2027, we will have;

4 Prep classes of 17/18. They will be located in the current prep rooms in rooms 16/17/18 and 19.

3 x Year 1 classes of 22/23. They will be located in the main building in rooms 4, 5 and 6.

3 x year 2 classes of 18/19. They will be located in the main building in rooms 1, 2 and 3.

This keeps all of our Year Prep to year 2 students in the main building.

5 x Middle (Years 3 & 4) classes of 24/25 students. They will be located in the BER building in rooms 8, 9, 10, 12 and 13.

5 x Senior (Years 5 & 6) classes of 24/25 students. They will be located in the Gallery and 1 class in the BER in rooms 11, 20, 21, 22 and 23.

As part of our whole school transition process, students will be shown the classrooms for their 2027 year levels as they get used to some changes around the school.

Parent Contributions 2027 - coming home soon.

At Kingsley Park Primary School, we are incredibly grateful for the ongoing support of our families, both through your involvement in our school community, assisting with working bees or facilities improvements and your financial contributions. Your generosity makes a real difference, helping us provide valuable resources, enriching learning experiences and opportunities that support every student to learn, grow and thrive. Together, we make Kingsley Park a wonderful place for our children to learn and belong.

Why Are Voluntary Parent Payments Important?

At Kingsley Park Primary School, voluntary parent payments help us provide the resources, programs and learning experiences that enrich our students' education. While these payments are entirely voluntary, the generosity of our families makes a meaningful difference, helping us maintain the high standard of education, care and wellbeing that our school community values. Every contribution, no matter the size, is greatly appreciated and helps us create the best possible opportunities for our students.

Details will be sent home soon including which parent contributions are tax deductible, should you choose to donate or make voluntary contributions.

****Please also remember to update your personal details with us, should they change.*

School funding is based on our families Socio economic status which is impacted by parent employment details, there is absolutely no judgement on your employment status but it does impact our funding levels so we appreciate you advising us of any changes. Please review this carefully, and if you have any questions at all, please do contact the school office.

SCHOOL TRANSITION

Every year in term 4, students from Foundation to Year 6 take part in a whole school Transition/Stepping Up program over 4 weeks from mid term 4. The opportunity to step up to the next year level helps prepare each student for the next stage in their educational journey. The school recognises that a successful transition is vital to a child's educational, social and emotional development. Some students require a bit more transition time than others so the process does begin earlier for some.

Students will participate in a range of activities to make connections with staff, begin to build relationships and familiarise themselves with some of the changes that will be taking place in their new grade level for 2027. This includes new learning spaces and new play areas and activities.

You can support your child through the transition process by asking positive questions such as: What are you looking forward to the most next year? What things do you want to get better at? How can you make new friends? What would you like me to tell your new teacher about you?

Parents need to place your faith in us to place your child in the best learning and social environment for them next year. We do not take requests but do take concerns into consideration, we know who your child's friends are and who they work best alongside. When placing students in classes we aim to place your child with a teacher they will identify with positively and with some friends in the same class but not all friends which allows better mixing and socialising outside, whilst ensuring each class has a balance of gender, year levels, learning styles and student abilities and dynamics. Class placement takes a lot of thought, time and effort.

We highly emphasise that 'Inside time is Learning Time, Outside Time is Social Time', please understand the merits behind this. We want the best for all children and for them to have the opportunity to reach their best learning potential which means working with good learning friends. Just as we don't see how your children are in the home, you don't see how they interact at school. We spend hours forming our classes to ensure a good balance across classes. Please remember, a big part of school is about building resilience and learning to respect and get along with others. Often close friends, who spend a lot of outside time together don't always learn best together. Placing them with the right teacher and in the right environment is our highest priority.

Help our children to build their resilience and aim for excellence in learning and connectedness across the school in all areas and accept that they don't always get exactly what they want but life turns out ok.

Although we do not accept letters of request, parents can complete the form at the link below if they have placement concerns regarding academic or social issues, these will be taken into account where possible if highly valid reasons have been given. Please place your faith in us in helping your child's learning needs as best we can as we want each and every child to achieve success at school. Student class placement will not be changed once decided.

WHAT'S BEEN HAPPENING

Dear Families,

Welcome back, hope everybody had a safe and relaxing break ready for a busy Term 4.

Highlights from Spring Vacation Care were Funky Farm where children engaged with snakes, feed the kangaroo, and experience bird feeding. At Funtopia we bounce, explored, navigated the tree top mazes, and endless tunnels and slides. First week back we celebrated National Food Day with a taste test of a range of different culinary foods. Up coming events for Term 4 are Halloween, Fairy Bread Day, Gingerbread Competition and end of Term Party.

Parent's, please ensure your child have a hat in their bags.

Kind Regards

Audrey Bagshaw (DOS)

PROTECT

Everyone has the right to be safe and be protected from abuse.

No one should behave in a way that makes you feel unsafe or afraid, including anyone in your family, anyone at school or anywhere else in the community.

Tell a teacher or any adult at your school if you feel unsafe.

It's everyone's responsibility.

Adults at school must listen and respond to concerns about child abuse.

If you suspect abuse of any child or young person, you have a responsibility to report it, even if you are not sure.
