BE SAFE - BE RESPECTFUL - BE A LEARNER

Thursday 13th August 2026

WE WANT OUR PARENTS / CARERS TO TELL US WHAT THEY THINK!

Our school is conducting the annual Parent / Carer Opinion Survey offered by the Department of Education and is seeking your feedback. The survey is designed to assist schools in gaining an understanding of families' perceptions of school climate, student behavior, and student engagement. The survey is optional, but we encourage and appreciate your participation.

Our school will use the survey results to assist in identifying areas for improvement and professional development needs in the school, to target school planning and improvement strategies.

The Parent / Carer Opinion Survey will be open online from Monday 17 August to Friday 18 September 2026.

All families are invited to participate in the survey.

The survey will be conducted online, only takes 20 minutes to complete, and can be accessed at any convenient time on desktop computers, laptops, tablets or smartphones.

The online survey will be available in English and 10 other languages including Russian, Turkish, and Vietnamese. Resources are also available in additional languages to assist parents / carers who speak a language other than English at home. Please reach out to the school directly for survey guides in your language.

Survey results will be communicated to parents / carers through annual reporting or through newsletter updates. Last year we used the survey results to plan for improved reporting and communication with parents after analysing results from the 2025 survey.

Please speak to the school office if you would like more information.

Next week is Bullying No Way Week.

Bullying No Way! Week, is a chance to take further action to make our school and community safer for all students. The theme for the week is 'Small Acts, Big Impact'.

Bullying is everyone's responsibility, and small acts can make a real difference.

This year's theme reminds us that actions don't need to be big to change someone's world.

Small actions – like including someone, speaking up or showing kindness – can create meaningful change.

In our schools and communities, our goal is to build environments where everyone belongs, diversity is celebrated and bullying is never accepted.

It is a reminder that meaningful change often comes through small, deliberate actions. Schools know better than most that in every part of life, a small act of kindness can go a long way; even something as simple as a welcoming smile can make a big difference in a student's day.

This is the culture we are all driven to foster. A culture that is safe, welcoming, inclusive and supportive. A culture that does not tolerate bullying in any form.

I want to thank you for everything you do to support us in creating, building and nurturing this culture. Every action you take has an impact, helping ensure this culture is the experience of every student in our school communities, every day.

School Gates - Locking (Franciscan Avenue)

The gates are now being locked on Franciscan Avenue during school learning hours of 8.50am to 3pm. This is being done for student safety/wellbeing - ensuring students cannot exit the school grounds and others cannot enter, except via the school office.

(We are actively seeking support from the government for new fencing along Gattinara Drive also.)

MONDAY 24TH AUGUST - THURSDAY 27TH AUGUST

VISITORS ARE WELCOME TO COME ALONG DURING ADVERTISED HOURS

The Australian Government launched the \$6 million Social Cohesion Education Hub (SCE Hub) in June 2026. Developed through the Antisemitism Education Taskforce chaired by David Gonski, the national online platform provides free, curriculum-aligned resources for early childhood, primary, and secondary school educators to combat antisemitism and strengthen social cohesion.

Social Cohesion Education Hub

The Social Cohesion Education Hub (SCE Hub) provides access to free, quality assured resources, professional learning and guidance to support educators to address antisemitism and other forms of racism and strengthen social cohesion in schools and early childhood education centres.

Addressing antisemitism, alongside building and sustaining social cohesion, is fundamental to Australia's democratic life and ongoing success as a culturally diverse and multi-faith nation. The SCE Hub supports schools and early childhood communities to prevent and respond to antisemitic, racist and anti-social behaviour, foster inclusive and welcoming environments, and equip students to navigate a diverse society with respect and understanding.

The SCE Hub aims to be a dynamic and iterative space. Additional resources on topics such as contemporary forms of antisemitism and other forms of hate and discrimination will be published on the site over the coming months.

<https://www.socialcohesionhub.edu.au/>

Social Cohesion Education Hub

Ministers:

The Hon Jason Clare MP

Minister for Education

The Albanese Government today launched the Social Cohesion Education Hub which is a new national online platform bringing together existing antisemitism and social cohesion resources to support schools and educators to combat antisemitism and other forms of discrimination.

It brings together existing resources from across the country in one place. This is the first step. More resources will be developed and added to the Hub over time in tranches to fill gaps and address emerging needs.

The Hub is part of the response to Australia's Special Envoy to Combat Antisemitism's Plan, agreed to by Education Ministers earlier this year.

An initial suite of 50 existing resources is now available, with around half focusing on antisemitism. The resources include classroom materials and professional learning tools.

These resources have been quality assured by a project advisory group of education and social cohesion experts, including from the Office of the Special Envoy to Combat Antisemitism.

This builds on the work the Government is doing to combat antisemitism and improve social cohesion across the entire education system through the work of the Antisemitism Education Taskforce chaired by David Gonski AC.

The Australian Curriculum Assessment and Reporting Authority has been tasked with reviewing the curriculum to help combat antisemitism and strengthen the teaching of Australian values in schools.

Advisory groups are being established to do this work including specialists in antisemitism, Holocaust education, Jewish history and culture, and Australian values education.

Education Ministers supported the development of a Social Cohesion Education Hub by Education Services Australia (ESA).

The Australian Government has committed \$6 million over five years to establish and maintain the Social Cohesion Education Hub.

FATHERS DAY STALL - VOLUNTEERS NEEDED

Our Father's Day stall will be on Thursday 3rd September. helpers will be required, so if you are available anytime from 8:45am - 1pm, please let the school office know.

Our volunteers are so important to make these special events run smoothly and we are forever grateful for your support.

Time to Plan Ahead!

2027 is not that far away.....

I respect that it is scary to think about 2027, but we are beginning to look at our enrolment numbers and whole school structure. If you have any intentions to unfortunately leave KPPS in the next 6 months, please let the school office know ASAP.

This information is vital for the school to budget and plan for classrooms and staffing in 2027. We do not want any children to be stuck in classes that are too big or only have a few kids, but this relies on us knowing who will be here. If you suspect you may be moving house, travelling overseas or you know your visa is expiring, please communicate this to office as soon as possible.

If you have a **child starting school in 2027**, please visit the VicStudents portal via this link

<https://students.educationapps.vic.gov.au/s/> to create an account and complete the online application form ASAP given that offers are now being send out.

ATTENDANCE MATTERS

FOLLOW US ON

If parents/carers give permission for an activity on Sentral, this automatically allows us to allocate any credit funds held on your child's account to cover the cost of the activity. An update of your families balance can always be confirmed by calling the school.

Unsure if you have made a payment ?

Past payments can easily be checked by looking at 'receipts' on the QKR App!

Open the home page of QKR and click the 3 horizontal lines on the top left - your previous payments can be found here.

Bullying is a complex social issue that harms people.

Teachers, parents and carers, students and the whole school community need to understand what bullying is so that if it happens, they can recognise, report and respond to it quickly and effectively.

Bullying is when someone repeatedly and intentionally uses their power or status to harm, upset or intimidate someone else. It can cause physical, social or psychological harm.

Bullying can happen anywhere – at home, online, at work or at school. It can involve individuals or groups, and it can happen to anyone. Bullying No Way focuses on bullying between students, usually called student bullying, student-to-student bullying or school bullying.

The definition of bullying

There is a nationally agreed definition of bullying that all Australian schools use:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Australian Government (2021)

The key for us all is to build and maintain positive relationships

Positive relationships help children and young people feel safe, connected, socially confident and resilient. This supports their overall wellbeing. These benefits can help prevent children and young people from being bullied and bullying others. Creating and maintaining positive relationships might look like:

- spending quality time together
- talking openly, kindly and regularly
- showing interest in children and young people's social and school lives
- setting firm boundaries
- actively listening
- showing appreciation
- offering emotional support and letting children and young people know they will be listened to if they want to talk or need help.

Positive social connections act as a strong preventative factor against bullying. Supporting this might look like:

- helping children and young people build positive social connections by supporting them to catch up with friends out of school
- socialising with other children and young people of a similar age
- supporting children and young people to find clubs or activities they might enjoy
- doing something social as a group, such as volunteering for a local charity, community group or sports club.

Parents and carers can play an important role in preventing children and young people from bullying others or being bullied. Families can influence lots of preventative factors, such as emotional support and involvement in their child's life, family wellbeing, positive relationships and information and communication technology (ICT) use.

Wellbeing relates to mood, attitude, relationships, resilience and health. Families working to build and maintain positive relationships are already helping to improve wellbeing. Other things families can do include:

- encouraging healthy habits like regular exercise, balanced nutrition and good sleep habits
- offering emotional support
- facing challenges together
- modelling positive behaviours, respectful relationships and healthy coping strategies.

PEN PAL PROGRAM

Recently, Mr Brand had the wonderful opportunity to visit Decoy Primary School in Devon, United Kingdom.

For the past few years, our Year 5 and 6 students have enjoyed exchanging letters with students there as part of our Pen Pal Program. During his visit, Mr Brand proudly hand-delivered the very first letters from our Year 4 students, who have just begun participating in this exciting initiative.

As the Grade 6 students at Decoy Primary have now completed primary school, families were given the opportunity to send a final letter home with Mr Brand, including their home address if they wished to continue corresponding. Not all families chose to do so, but those letters that were received will be distributed to our students towards the end of this week.

If your child receives a letter and would like to continue writing to their pen pal, you are welcome to support them by replying and, if you are comfortable, including your home address so the friendship can continue beyond primary school.

While visiting, Mr Brand also attended a school assembly where he spoke to the students about Kingsley Park Primary School and life in Australia. It was a wonderful opportunity to strengthen the connection between our two schools.

Adding to the occasion was a special reunion. Mr Brand's friend, Mr Lee, the Deputy Head Teacher at Decoy Primary School, who attended primary school with Mr Brand many years ago in England. The students at Decoy were convinced Mr Brand must have been born in Australia because of his strong Aussie accent! Mr Lee had to explain that Mr Brand is actually English - he's simply picked up an Australian accent after many years of calling Australia home!

We look forward to seeing these wonderful international friendships continue to grow.

100 days of PREP

P17

On Wednesday 29th July, our wonderful Preppies celebrated 100 days of school.

P19

Our morning started off with lots of excitement, seeing each other in our '100 year old' costumes or '100 days' themed outfits. We also had a special visit from our friend Zero the Hero!

Watching the Preppies shuffle around the room with their walking sticks and very sore backs was very funny!

It was so much fun celebrating everything our preps have achieved!

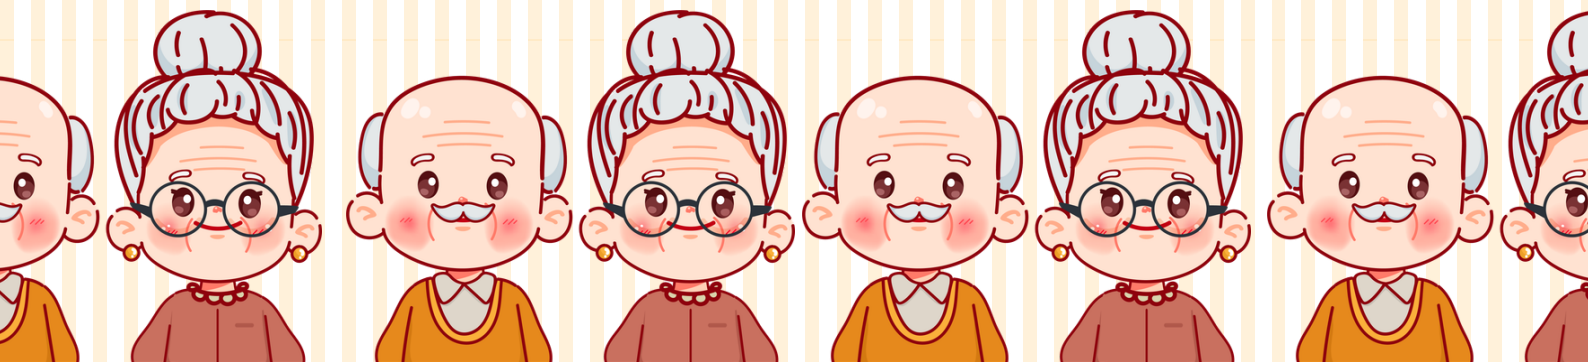

We can't wait to see what the next hundred days has in store for us!

KINGSLEY PARK *Diamonds* SCHOOL AEROBICS

It has been another fantastic week for the **Kingsley Park Diamonds!**

Last Sunday, 9 August, our school aerobics team competed at the **Action Challenge**, hosted by Action Sport Aerobics at Patterson River Secondary College.

The team of **Harper, Harley, Mina, Sersha, Sadie, Mikayla and Georgia** put on an amazing performance, finishing **3rd overall!**

A huge congratulations to all of the girls for their hard work and commitment.

3RD
overall!

FIRST SMALL GROUP SUCCESS!

It was also a very exciting day for **Georgia** and **Mina**, who competed in their first Small Group event together and achieved an excellent **3rd place!**

NEXT COMPETITION

Our next competition is this Saturday at Rowville Secondary College, where the team will compete in the FISAF Future Champions Cup.

Good luck to all of our Diamonds!

AN INCREDIBLE DAY FOR HARPER!

Harper had an outstanding day with some amazing results:

2nd – Solo

1st – Duo

1st – Own Choreography Routine

1st – Fitness Team

FISAF NATIONALS

At the end of the term, Harper will also travel to the Gold Coast to compete at the FISAF Nationals in the Duo and Fitness Team events.

We wish her all the very best!

GIVE AEROBICS A TRY!

Over the next two weeks, we will be inviting any students who are interested in giving aerobics a try to join Coach Ella and the team in the hall on Tuesday lunchtimes.

Come along, have some fun and see what aerobics is all about!

A massive THANK YOU

to Coach Ella and Head Coach Brie from Action Sport Aerobics for all of their time, energy and hard work throughout the year.

The girls have absolutely loved being part of the team and we are so proud of everything they have achieved.

*Good luck,
Diamonds!*

KINGSLEY PARK UPDATES

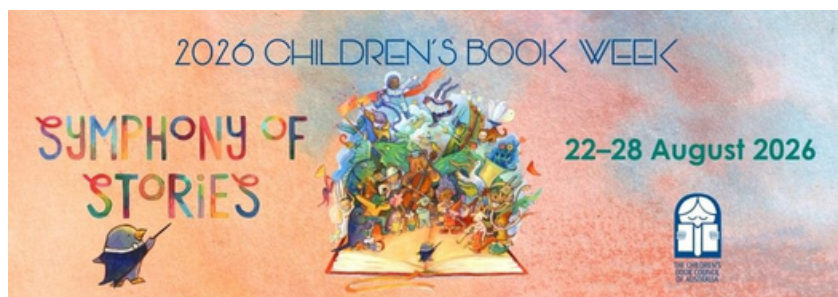

Keeping families informed:

Sentral is our primary communication platform and is used for school updates, notifications, attendance notifications, permission forms, reports, parent-teacher interview bookings and communication between families and teachers. Families can also stay informed through: the fortnightly school newsletter, Sentral updates, parent-teacher meetings and Student-Led Conferences, the school website, our facebook and Instagram social media websites school Policies and the school's Annual Report.

Policy Updates

At Kingsley Park Primary School, we are committed to ensuring our policies reflect current Department of Education requirements and support a safe, inclusive and positive learning environment for all members of our school community. A number of school policies have recently been reviewed and updated. The revised policies are now available on the school website for families to access at their convenience. We encourage all families to take the opportunity to familiarise themselves with these important policies, particularly those listed below:

Photographing, Filming and Recording Policy and Consent Form
Mobile device Policy

Children's University Graduation

Tuesday 1st December

Mid-year member milestones

With just over one term left to earn hours towards graduation, now is an important time to complete your hours and activities, ensuring any 10 hour activities are completed online. The deadline for members to earn hours is October 5.

Kingsley Park's Graduation ceremony is booked in for Tuesday 1st December at Swinburne's Hawthorn Campus.

A minimum of 30 hours is required to graduate so keep those hours and activities coming in each Monday in CU Club.

CU Family Day @ Scienceworks!

Our team recently co-hosted more than 400 Victorian Children's University members and their families across three exceptional CU Family Days at Scienceworks! ⚡

With the incredible support, programming and generosity of Museums Victoria, we were able to create an affordable and enriching experience for our families - many of whom were visiting Scienceworks for the first time.

Through these action-packed days, CU families from both primary and secondary schools came together to learn all about Science Communication!

Here's what our young learners experienced:

- 🌌 - Explored the galaxy through a planetarium show!
- 🎤 - Joined a career Q&A with a Science Communicator
- 🌈 - Saw the new exhibition - Colour: See the World in a New Light
- ⚙️ - Roamed Scienceworks' permanent exhibitions

Families shared overwhelmingly positive feedback, with many already asking where we're heading next! 🌟

"Children's University has been a wonderful experience for our family. It has encouraged our child to enjoy learning, try new activities, and grow in confidence. We are very grateful for this opportunity."

"Children remember how people make them feel"

Brock left Swinburne feeling that Science is not only exciting—it is welcoming." Dr Kirsten Banks, Dr Rebecca Allen and a presenter who stopped everything to answer Brock's questions. I want to acknowledge every person who chose to slow down, listen, and make one little boy feel that his curiosity mattered.

Open Day was fantastic! Thank you Swinburne for all that you provide in this fabulous program.

PROTECT

Everyone has the right to be safe and be protected from abuse.

No one should behave in a way that makes you feel unsafe or afraid, including anyone in your family, anyone at school or anywhere else in the community.

Tell a teacher or any adult at your school if you feel unsafe.

It's everyone's responsibility.

Adults at school must listen and respond to concerns about child abuse.

If you suspect abuse of any child or young person, you have a responsibility to report it, even if you are not sure.
