

Kingsley Park Primary

BE SAFE - BE RESPECTFUL - BE A LEARNER

SCHOOL NEWSLETTER - Thursday 18th June 2026

IMPORTANT

Curriculum Days 2026
No children to attend school

- Friday 14th August
- Friday 27th November

Students do not attend school on these days. Team Kids will be providing childcare on these days. On the last day of Terms One, Two and Three we have an early dismissal time of 2:30pm and on the last day of Term Four we finish at 1:30pm.

Friday 26 June is the last day of term.
School will finish at 2:30pm.
We will see you again on Monday 13th July.

Dear Families,

As the term comes to an end, just a reminder that student reports will be available via Sentral next Thursday afternoon. These reports are a wonderful opportunity to reflect on the progress your child has made this semester. You will notice that written comments are not included in reports this semester. This is due to the current industrial action and advice from the Department of Education, we appreciate your understanding in this regard.

While comments are not available, our teachers have very much enjoyed connecting with you in person during Student Led Conferences this week. They have been super proud of our Kingsley Kids and their efforts. These conversations are a valuable part of your child's learning journey.

I would like to thank you all for your support in a wonderful first Semester. I would also like to congratulate our students and staff on their super efforts. A recent review of our network data shows that Kingsley Park students have the best attendance in the network which shows not only a commitment to their learning but a true engagement with their schooling. It is marvellous to see the connections made across the school with buddies and the enjoyment on many faces daily as they connect with peers and staff alike.

We truly have an amazing school and an amazing community who we couldn't be without. Thank you for your support at all times and the terrific way we work together.

Have a safe and enjoyable break,
Gill Gray, Principal

ATTENDANCE MATTERS

CONGRATULATIONS TO OUR STUDENTS ON THEIR ATTENDANCE EFFORTS

CHILDREN'S TECHNOLOGY ACCESS

With the school holidays just around the corner, monitoring children's access to technology is crucial in safeguarding them from potential online risks such as exposure to inappropriate content, cyberbullying and online predators. Establishing clear guidelines and utilising monitoring tools can help parents/carers strike a balance between ensuring safety and respecting privacy.

Age restrictions are crucial on apps and should not be ignored. Letting a child under the minimum age use such apps is potentially dangerous. Please do not let children lie about their age, there are reasons why the age restrictions are set at a minimum age and that should be respected.

It is essential for parents/carers to be aware of these restrictions, which you can learn about at [Common Sense Media](#) and to communicate openly with your children about responsible online behaviour.

FOLLOW US ON

KINGSLEY PARK ACKNOWLEDGES THE TRADITIONAL OWNERS OF COUNTRY THROUGHOUT AUSTRALIA AND RECOGNISES THE CONTINUING CONNECTION TO LANDS, WATERS AND COMMUNITY. WE PAY OUR RESPECT TO ABORIGINAL AND TORRES STRAIT ISLANDER CULTURES; AND TO ELDERS PAST AND PRESENT.

SNOW CAMP

2026

SAUSAGE SIZZLE

Our 2026 students who are attending the Snow Camp will be running a sausage sizzle fundraiser on Wednesday 24th June. All students are invited to place an order for lunch via the QKR App.

Sausage in Bread (\$2.50 each)

Nippy's Juice Varieties (\$2 each)

(Gluten free bread will be available on order if required - 50cents extra)

WEDNESDAY 24TH JUNE

Order now via the QKR App

Orders must close at 10am on Monday 22nd June

All funds raised will go towards costs of Snow Camp - thank you for supporting this fundraising initiative by our Snow Camp students.

Term Two

Add them to your calendar now!!

Thursday 18th June
Student Led Conferences
until 4:30pm

Friday 19th June
Module Assemblies

Thursday 25th June
Winter Lightning Premiership (Seniors)

Friday 26th June
Whole School Assembly
NAIDOC Acknowledgement
Last day of Term 2!
2.30pm finish

Guess what ????

Our Instagram account is now up and running - follow us at kingsleyparkps (<https://www.instagram.com/kingsleyparkps>)

Term Three

Add them to your calendar now!!

Monday 13th July
School resumes for Term 3 - welcome back!
Classroom doors open from 8:35am

Wednesday 15th July
Year 6 Graduation Photo (plus photos of students absent on photo day)
Please be on time to school!

Friday 17th July
Whole School Assembly

Monday 20th July
Divisional T-Ball

Tuesday 21st July
Divisional Netball

Wed 22nd July - Fri 24th July
Snow Camp

Friday 24th July
Module Assemblies
Tree Planting Day

Monday 27th July - Friday 31st July
Production Week - each grade will attend rehearsals throughout the week

Thursday 30th July
MEC Production (Year 5)

Friday 31st July
Buddy Connection Friday

Monday 3rd Aug - Thursday 6th Aug
Recording of Production
Each grade will attend a recording session this week

Friday 7th August
Whole School Assembly
House Athletics - 3 to 6

Friday 14th August
Curriculum Day - No children to attend school today

Monday 17th August
Bullying No Way! Week
Science Week

Friday 21st August
Module Assemblies
School Disco

Mon 24th August - Fri 28th Aug
Book Week

Mon 24th Aug - Thurs 27th Aug
Book Fair in the Library

Friday 28th August
Book Week Parade at assembly

Wednesday 2nd September
District Athletics

Thursday 3rd September
Fathers Day Stall

Friday 4th September
Fathers Day Activities

Wednesday 9th September
Cranbourne Botanical Gardens Excursion (Juniors)

Thursday 10th September
St Johns Ambulance Training (Seniors)

Friday 11th September
Module Assemblies

Thursday 17th September
Dromana Drive In Production

Friday 18th September
Footy Pie Day
Footy Dress Up Day
Last day of term 3 - early dismissal of 2:30pm

Please remember if you are picking up your child early from school, communication to the teacher via Sentral is the most effective option. Interruptions to classrooms during learning time can be very distracting to both children and teachers. With early notice, teachers can ensure children are packed up and ready.

Late Arrival Early Release

Students arriving to school after 8.45am must be signed in by a parent/guardian via the school office. Students will be taken to class by a staff member, we ask that parents do not enter rooms during learning times. Any student arriving to school late without a parent will be marked as an unexplained lateness on their attendance record. All absences require a valid explanation from parents/guardians.

TERM DATES

2026

TERM TWO:
20th April – 26th June
Curriculum Day Friday 5th June
TERM THREE:
13th July – 18th September
TERM FOUR:
5th October – 18th December

The News Bayside

ANGLICARE & KPSS

GEMMA, Tamile, Hayemi, Sarah, Charlee, Emma, Jude, Sally, Kyden (L to R), and Violet (absent) are leading a new podcast project. Picture: Gary Sissons

| Feature Story

FRANKSTON primary school students are preparing to take on artificial intelligence, ADHD, bullying and more in the second season of a podcast that has already reached listeners in 20 countries.

Those 6 Tweens – a podcast made by local kids for kids – was created through Anglicare Victoria’s Communities for Children (CFC) Frankston program, and season one has quickly grown from a school project into something far larger than anyone expected.

The six-episode first season was led entirely by a group of year five and six students from Kananook Primary School, who chose all their own topics – friendship challenges, resilience, puberty and gaming safely – and interviewed guests.

Students Annia and Bella reflect on the experience with empathy. “I want other kids to listen to it, so they know they are not alone and other people deal with the same problems,” said Annia.

“Being in the podcast project has changed me by having my voice and opinions listened to,” said Bella.

Launched in November 2025, the series has since been streamed in Australia, the United States, the United Kingdom, Vietnam, Germany and more.

Now a new group of students from Kingsley Park Primary School is set to build on that reach with season two, and the topics they’ve chosen reflect just how seriously they’re taking the opportunity.

CFC Frankston senior community development project worker Emma Rafferty said “the kids this year will each lead one episode, and they’ve chosen artificial intelligence, ADHD and autism, bullying, embracing diversity, marine conservation, and barriers to kids accessing sport and the benefits of sport.”

The podcast grew out of Anglicare Victoria’s Kids Council project, with CFC identifying a gap in the podcasting space for content led by primary school-aged children. The CFC program, funded by the Department of Social Services, operates across approximately 50 locations around Australia in areas of recognised disadvantage. Anglicare Victoria delivers CFC programs in Frankston, Cardinia and Bendigo.

Those 6 Tweens is available on Spotify and other podcast apps, or via the CFC Frankston website at cfcfrankston.com.au

ARTROOM NEWS

VISUAL ARTS TERM 2

The Middle and Senior students have been working hard in the art room to get their textiles art works completed. Grade 3 and 4s looked at the works of Russian artist Kandinsky and were inspired by his concentric circle artworks to create their own artworks from felt. They chose a colour scheme from primary, secondary, warm, cool, monochrome or analogous colours and learned how to thread a needle and sew running stitch details on their artworks. We can't wait to see them displayed near the staff room at the end of the term.

Grade 5 and 6 students explored how emotion is shown in artworks such as Edvard Munch's 'Scream' and Pablo Picasso's 'The Weeping Woman'. We discussed modern ways emotions are expressed in text and art which lead them to create emoji cushions from felt. They extended their skills learned in previous years to use running stitch and then over stitch on their cushions (and hopefully be able to use these skills through their life). Students are already planning where they will put them on display at home or maybe adventures their creations will accompany them on!

Next term the Middle and Senior students will change arts disciplines and do Performing Arts while we will welcome the Prep and Junior students into the art room. A timely reminder for these families that we ask for a named art smock to be brought into school for Visual Arts. These will be kept in a tub in their room and brought to art lessons each week.

Middle and Senior smocks will be sent home at the end of the term to be washed and kept in a safe place for next year.

And finally, we are proud to say that our student illustrators have now officially been published in the book 'Pea, Poh and Pah'. This story can be viewed online <https://www.youtube.com/watch?v=sqzFujghTJk&t=147s> or get yourself a copy of the real thing amzn.to/42J2xoh

Hopefully you get creative in the holidays and maybe see some art.

I highly recommend McClelland Sculpture Park and Gallery, Frankston Arts Centre and checking out the street art around Frankston.

Lauren Charlton - Visual Arts Specialist

PRODUCTION 2026

REMINDERS

As we move closer towards the end of term this is a friendly reminder to start sourcing your costumes for your child/ children and bring them into class in a bag clearly labelled with name and grade. Remember that all clothing **MUST BE NAMED** and will stay at school until after filming to ensure we have all costumes on the day.

To ensure that we have all costumes ready for this, we ask parents to source plain black leggings or long pants as well as specified clothing for your class item listed below and have them ready to be brought into school no later than Week 1, Term 3.

See below for specific costume details for your child's grade.

PREPS

Preps - black pants or leggings, black runners, yellow t-shirt

JUNIORS

J8, J9, J10: White T-Shirt, Black Leggings & Black Shoes

J11, J12, J13: Red T-Shirt, Black Leggings & Black Shoes

SENIORS

Items for S3 and S4:

Students are part of "Identity world", this world depicts how students express their sense of self and will be wearing bright coloured t-shirts. Please ensure students are not wearing green as they will be lost amongst the green screen behind them. This will be discussed further in classrooms.

Items for S1 and S2:

S1 and S2 students are part of the "Future World", this world depicts students in the future wearing their dream occupation outfits. Some ideas are scrubs, high vis for construction, lab coats, NBA outfits, AFL outfits etc. Some students have expressed wanting to wear a white t-shirt with a question mark on it, which is a great idea for those unsure. Other ideas are a simple shirt and tie, overalls or an art smock for an artist. We just ask that there is no green as students will be lost in the green screen during filming. We will also discuss this with students in class.

MIDDLES

M20:

- Plain red t-shirt (no logos, prints or patterns). Kmart, Big W or Best & less have options for less than \$10
- Party Pom Poms. Big W or Spotlight
-

M22:

- white tshirt - without logos (please make sure the tshirt is washed first so the decorations stick properly).
- black long pants - without logos
- black school shoes
- fabric paint - (not green please as we will be using a green screen).

M23:

- Plain black t-shirt (no logos, prints or patterns). Kmart, Big W or Best & less have options for less than \$10

:M5:

- White t-shirt - without logos
- black long pants - without logos
- Black school shoes
- A colour bandana - not green please as we will be using a green screen

M6

- black t-shirt - without logos
- black long pants - without logos
- black school shoes
- a colour bandana - not green please as we will be using a green screen

PERFORMING ARTS

PREPS

This term we have been focusing on keeping the beat, students have explored playing instruments to keep the beat and make musical patterns. We have used our body to make music such as clapping, patting, clicking and stomping. We came up with some easy to draw symbols so they could follow along with the rhythm, whilst performing. Have a look at what they created.

- P17- Ayla
- P17- Riley
- P18 - Patrick
- P16-Donovan
- P16- Henry
- P19- Archie, Mav
- P19- Gus, Harry, Numia
- P19 - Stella, Jack

Preps have also explored making sound scapes with picture prompts. We used any objects we could find in the classroom to make a sound to replicate a storm, a waterfall, raindrops. See what things we used to do this, what would you use in your home to make these sounds?

P18 - storm - counter container (Lenkai and Tanner)

WATCH VIDEO

[Video here!](#)

JUNIORS

The Juniors have been exploring how to make a repeating rhythm. We have used body percussion, percussion instruments and tuned instruments such as boomwhackers to demonstrate this.

Here are [Louie, Zava and Indie from J8](#) ([watch the video here](#)), showing you their composition. How many times can you hear it repeated?

The Junior students have also explored patterns in music and composed their own rhythms. Students used shapes and colours to help them follow their rhythm, whilst performing. Check out the shapes they used.

- J9 - Emilia, Tora, Issy, Akira
- J9- Jacob, Alexis, Jerome
- J10 - Lylah, Crystal, Oscar, Elliot
- J10 - Toby, Abigail, Elara, Christopher

We have also been working on our item for the Production, here is a sneak peek of the Year 2s and what's to come.

- [Fight song J11](#)
- J12- [This is Me](#)
- J13 - [A Million Dreams](#)

MRS STODDEN

STEM

Mr Galante

SENIORS

Senior School Science Update

This term, Senior School students have successfully completed their fascinating unit on Space Science, exploring the solar system, stars, galaxies, space exploration, and the technologies that help us better understand our universe. Their curiosity and enthusiasm for discovering the wonders beyond Earth have been outstanding.

As we moved into our next area of study, students investigated Natural Disasters and Human Impacts on the Environment. They learned about the causes, characteristics, and effects of major natural events, including tornadoes, hurricanes, earthquakes, volcanoes, droughts, and floods. Through hands-on activities, research tasks, and class discussions, students examined how these events have shaped landscapes and affected communities around the world.

The unit also encouraged students to think critically about the ways humans influence the environment and explore practical strategies for reducing our impact and promoting sustainability. By connecting scientific knowledge with real-world issues, students have developed a deeper understanding of both the power of natural processes and our shared responsibility to care for the planet.

We look forward to sharing more of our students' discoveries and learning into Term 3.

MIDDLES

Our Middle School students have recently completed an exciting Space Science unit, where they explored the planets, stars, the Moon, and the many wonders of our solar system. Through engaging investigations and class activities, students developed a greater appreciation of the vast universe and our place within it.

The focus has now shifted to the study of Living Things, where students investigated the characteristics that define living organisms and how they survive and thrive in different environments. They explored local habitats, discovering how plants and animals depend on one another and adapt to meet their needs.

Students have also examined life cycles, comparing the growth and development of various plants and animals and recognising the changes that occur over time. This hands-on unit encourages observation, inquiry, and an understanding of the interconnectedness of living things and their environments.

We look forward to seeing our young scientists continue to ask questions, make discoveries, and deepen their understanding of the natural world.

YEAR 2

This term in STEM, our Junior School students have taken to the skies as they explored the exciting topic of Flight! Through hands-on investigations and creative design challenges, students discovered how different objects travel through the air and the science behind staying aloft.

Throughout the unit, students investigated the features and functions of planes, helicopters, and parachutes, learning how forces such as lift, gravity, thrust, and drag influence the way things fly. They have had opportunities to design, build, test, and improve their own flying creations, developing valuable problem-solving and engineering skills along the way.

By encouraging curiosity, creativity, and experimentation, this engaging STEM unit helps students understand real-world applications of science and technology while having plenty of fun. We have enjoyed seeing our young engineers soar as they put their ideas into action!

SAFETY EXPECTATIONS

Shared expectations of staff, parents, carers and students to support positive student behaviour are set out in the [Respectful, safe, engaged: shared expectations to support student behaviour statement](#).

- Students are also supported by school staff to meet expected standards of behaviour as outlined in our Student Wellbeing and Engagement Policy, Inclusion and Diversity Policy, Bullying Prevention Policy (found on our website).
- Staff must follow our school and department policies and the [Victorian Public Service Code of Conduct](#) and Values. Teaching staff also adhere to the [Victorian Teaching Profession's Code of Conduct](#).
- Parents and carers play a vital role in helping their child understand and meet shared behaviour expectations. Additionally, information about the expectations of parents and carers to ensure schools and inclusive places is outlined in the department's [Respectful Behaviours within the School Community Policy](#).

SAFETY AROUND THE SCHOOL

It is important to understand that the parking directly outside of the school's main entry is a **Kiss and Go Zone** before and after school.

This means:

- **Do not leave your vehicle.** To assist with traffic flow, drivers should remain in the car whilst children get in and out.
 - **Be timely** If your child does not get in or out of the vehicle within 2 minutes you must leave and re-enter the Kiss & Go zone.
 - **Child safety** - ensure children get in or out of the vehicle on the kerb side. The back seat is the safest seat for children to travel in. Ensure children have their restraints securely fastened before driving off.
 - **Stay in sequence** Drop off or pick up your child close to the top of the zone, as far forward as possible. This allows vehicles following you to enter the zone in an orderly manner.
 - **Driver duty of care** Observe traffic when entering or leaving the zone. Use your indicator to advise when moving into or out of the zone.
 - **No U-turns** Do not do U-turns in busy school zones. They are dangerous and put children at risk. Use the roundabouts at each end of the school to safely turn around, rather than doing a U-turn in front of the school, particularly given there are a lot of young children around.
- Please ensure that you travel at the 40kmph Speed Limit around our school.

It is important that we model to our children **Road Safety at all times**, by using the pedestrian crossing to cross the road and always follow the School Crossing Supervisors' directions. **Please be advised that the pedestrian crossing on Gattinara Drive is no longer supervised.**

As a driver you must **STOP** at the pedestrian crossings when someone is crossing the road.

Last week, I invited a Senior Occupational Health and safety Officer from the Department of Education to do some observations of the Gattinara Drive crossing and parking area with me.

It was **FRIGHTENING** to say the least.

We observed:

- 17** students and **10** adults use the crossing - well done to those people
- THEN**
- 15** students and **6** adults **NOT** use the crossing,
- 2** groups of adults with students walk directly across the road and up the middle of the court,
- 6** u-turns being made,
- 3** cars double parking to collect students,
- 4** students on bikes crossing the road without looking, and not using the crossing,
- 1** student riding their bike in circles on the road,
- 5** vehicles speeding up to get through the bottleneck ahead of an oncoming vehicle.

These behaviours must change for the safety of our students!

We all have a duty of care to help our students learn to be safe and smart when near roads. Please help us to educate students how to do things the right way **BEFORE** and accident happens. Please enforce the correct expectations for our students.

GREAT! SPORTING SUPERSTARS

The Kingsley Diamonds Shine at State Championships!

A massive congratulations to our Grade 3–4 aerobics team, the Kingsley Diamonds! Every Tuesday lunchtime, Harley, Mina, Harper, Mikayla, Sersha and Sadie have been training hard with their coach, Ella. All that practice paid off on Saturday, 6 June, when the team headed to MSAC in Albert Park to compete in the prestigious FISAF State Championships, only their second competition as a team.

Facing tough competition in a field of 10 teams, the girls placed 8th overall. While there were plenty of nerves backstage, the team felt incredibly supported by Coach Ella and Brie, (the owner of Action Sport Aerobics). Once they hit the stage, they performed beautifully, and you could not wipe the smiles off the girls' faces after they finished their routine. We are so proud of their effort, teamwork and sportsmanship.

We also want to give a special shout-out to Harper G, who had an incredibly busy and successful weekend competing in three additional events as part of Action Sport Aerobics. Harper placed 4th in her solo, 2nd in her Fitness Team event, and is now the official **State Champion** in her duo! This amazing achievement means she has qualified for the FISAF Nationals on the Gold Coast this September. We wish her every success as she takes the national stage!

Looking ahead, we are thrilled to welcome Georgia, who has just joined the Kingsley Diamonds for the final two competitions of the year.

Inspired by our athletes? We will be looking to expand Kingsley Park Aerobics to field teams in Grades 3, 4, 5 & 6 next year. Keep an eye out for details later in the year, both males and females interested are invited to join the fun.

Scott Gardner

RESILIENCE, RIGHTS & RESPECTFUL RELATIONSHIPS

Kingsley Park Primary School is a proud Respectful Relationships school. Respectful relationships education is part of the Victorian Curriculum and delivered by all Victorian government schools. It supports students to develop the knowledge, attitudes and skills needed for respectful relationships, and helps to build respect and equality across the entire school community. Research tells us that providing respectful relationships education at school can lead to positive impacts on students' academic outcomes, their mental health, classroom behaviour and relationships.

Our school uses the Department of Education's evidence-based teaching and learning resources to teach our students about Respectful Relationships from Foundation to Grade 6.

The Resilience, Rights and Respectful Relationships resources have 8 topics that teach students about emotional literacy, personal and cultural strengths, resilience, problem-solving, stress-management, help-seeking, gender norms and stereotypes and positive gender relations.

In Term 3 Foundation - Grade 6 students will be working on Topic 7: Gender norms and stereotypes which helps students to consider the influence of gender norms on attitudes, opportunities and behaviour, and to learn about gender equality, inclusion, human rights and the importance of relationships that respect people of all genders.

If you have any questions about Respectful Relationships education, you can contact Miss Jessie and visit the Victorian Government's Respectful Relationships page: <https://www.vic.gov.au/respectful-relationships>

Healthy LUNCH BOX Habits

KPPS Wellbeing Team

Helping our kids thrive with nourishing lunchboxes

At Kingsley Park Primary, we love seeing the many different lunchboxes that come through our classrooms each day. Each one reflects your child's unique tastes, culture and family routines. There's no "one-size-fits-all" when it comes to food, and we celebrate that!

We know mornings can be busy, and sometimes breakfast gets missed. A simple breakfast can really help children feel settled, focused and ready to learn. It's all about setting them up for a positive start to their day. When it comes to lunchboxes, including foods your child enjoys, alongside options that provide longer-lasting fuel can make a big difference to how they feel and learn.

A few ideas families might find helpful:

- Pack a mix of foods your child already likes, alongside a small new option to explore
- Keep it realistic—simple, quick options are perfectly okay

Quick lunchbox idea: Rainbow Wraps

- Wholegrain wrap
- Spread (hummus, mashed avocado or cream cheese)
- Protein (chicken, grated cheese, egg or beans)
- Veggies (lettuce, grated carrot, cucumber, capsicum)
- Roll it up and slice into pinwheels for a fun, easy, nutritious option.

We appreciate everything families are already doing to support their children and look forward to a positive term 3 at Kingsley Park Primary.

SEE THE NEXT PAGE FOR SOME GREAT HEALTHY LUNCH BOX SUGGESTIONS

HEALTHY LUNCH BOX IDEAS

FOR A HEALTHY LUNCHBOX **PICK & MIX** SOMETHING FROM EACH GROUP 1-6!

Developed in conjunction with the Achievement Program to support a whole-school approach to healthy eating.

FOR A HEALTHY LUNCHBOX **PICK & MIX** SOMETHING FROM EACH GROUP 1-6!

*Check your school's policy regarding the use of nuts and products containing nuts.

SENIOR SCHOOL NEWS

DISTRICT CROSS COUNTRY

Well done to all the students who represented our school at District Cross Country. Congratulations to Asher from S2 for making it through to Regionals.

VIP VISITOR - HOCKEYROO SOPHIE TAYLOR

Senior students were treated to a visit from current Australian Hockey Roo star Sophie Taylor. Sophie shared her journey to reaching her goal of playing hockey for Australia and the many setbacks she experienced and managed to overcome.

ANGLES

Senior students have been learning all about angles. How to classify and measure them using protractors and identify missing angles in complementary and supplementary angles. Students were thrilled at being allowed to draw on the tables (removable of course) to find angles

Izzy, Vada, Allaria, Abby, Ayla and Jackie learning how to use protractors to measure angles.

Adelaide, Sonny, Sadie, Hudson, Zane and Luka G using protractors to measure and classify angles.

SENIOR SCHOOL NEWS

Mt Erin Year 5 and Year 6 Immersion Days

Our Year 5 and Year 6 students travelled up to Mt Erin to immerse themselves in secondary school life. Here is a glimpse into what they got up to...

City of Ember

This term we have explored themes, symbolism, characterisation, cliffhangers, point of view and perspectives in our dystopian novel "The City of Ember". Here are some of the beautiful 'one-point perspectives and front covers our students have created.

STUDENT AWARDS - WEEK 8

WELL DONE TO THESE AWESOME KINGSLEY KIDS!

Gisma L (P16)

For having the best positive attitude towards learning and happily persisting with every single learning challenge. You are wonderful!

Ayla LS (P17)

For consistently showing care and respect towards your friends, teachers and our classroom. You have such a kind heart, Ayla!

Lenkai L (P18)

For always being a kind and fair partner during learning games. I love how you take turns and encourage your peers.

Harrison S (P19)

For your amazing work during dictation, you carefully listen to all the sounds in the words and always write neatly on the line, Well Done!

Indie M (J8)

For showing kind manners, excellent focus, and great concentration in the classroom—well done! Your positive attitude and effort make you a wonderful role model in J8

Emilia H (J9)

For being a great Kingsley Kid. You always do your best, work hard, and help others whenever you can. Well done!

Leo M (J10)

For being a subtraction superstar. You are always challenging yourself to solve hard problems. Well done!

Alex B (J11_)

For putting a superstar effort into your work this week! You are a great Kingsley kid, well done :)

Gigi D (J12)

For sharing her wonderful 'Ah Ha' moment about how part-part-whole connects to Subtraction. What a clever cookie!

Harper G (M5)

For your wonderful effort writing your information report on the Great Barrier Reef. I am so proud of your persistence and the interesting facts you shared. You should be so proud of yourself, Harper

Austin N (M6)

For doing a wonderful job focusing in his Maths group and demonstrating great skills when rounding and estimating calculations. Keep up the excellent work!

Emily R (M20)

For trying her absolute best when publishing her information report.

Ruby W (M22)

For her outstanding academic achievements this term. You wrote a strong, detailed information report, extended yourself with tricky maths equations and thoughtfully reflected on your learning throughout the term. You're a superstar!

Flynn R (M23)

For his Great Barrier Reef research, summarising and publishing of his Information Report. I appreciate your assistance with our Reading Groups and sharing your skills with others. Thank you for all that you do.

Hudson S (S3)

For exceptional effort and outstanding success in reading, you have exceeded my expectations! You should be so proud of yourself Huddy!

Atticus H (S4)

For demonstrating excellence in our City of Ember unit. Atty consistently challenges himself to do his best and is always looking for ways to improve his work. Well done, Atty!

Liam W (S1)

For handling a challenging situation calmly and kindly.

YEAR 5 STUDENTS ANGLER KIT GIVE AWAY

The Victorian Government is committed to increasing the number and diversity of people fishing and enjoying Victoria's local seafood, growing healthy and sustainable fisheries sectors and contributing to Victoria's social and economic prosperity. This is why the Victorian Government distributed 95,000 Little Angler kits to primary aged students in 2023/24, via the Victorian Fisheries Authority, as part of a \$1.5M election commitment, funded via the sale of Victorian recreational fishing licences, i.e. funded by recreational fishers.

The aim of this election commitment was to continue to grow recreational fishing participation in Victoria, by actively encouraging primary school aged children to learn more about the art of fishing, marine life and the natural environment. Encouraging children to be outside and active aligns with whole of Victorian Government initiatives underway to optimise health, wellbeing, connectedness and inclusiveness in Victoria.

Following the successful implementation of the commitment, the Victorian Government will run the program again in 2026, via the Victorian Fisheries Authority, offering 82,500 Little Angler kits to primary school children in 2026. The FREE kits provide a wonderful school holiday activity for children with their families and help ease the cost of living, providing a fun activity close to home.

Grade 5 students at all Victorian schools, including ours, will be offered the opportunity to receive a FREE Little Angler Kit. Grade 5 students have been selected based on the Victorian Curriculum focus, movement and motor development, and safety considerations.

The program is entirely voluntary. Schools were provided with the option to opt out of the program. Our school has opted to stay in the program so that parents can decide whether they want their child(ren) to receive a fishing kit.

Parents can opt out: Parents of Grade 5 students can advise the school if they do not wish their child(ren) to participate for any reason whatsoever. We support parents in making decisions that align with their family values and beliefs. Please notify the school if your child is in Year 5 and you do not wish for them to receive their kit.

The roll out of kits will occur in August 2026 so that all participating children will have a kit in time for the September school holidays.

The kits include a rod, reel with line, tackle tray, some tackle (including fishing hooks and lead-free sinkers) and information on how to use them to catch a fish. The tackle tray will be wrapped in cardboard and placed inside a pocket inside the fishing kit bag, which will be sealed with a cable tie to discourage students from opening their kits until they are with a parent or carer. The kits will also have a safety label attached to the outside of the kit bag, recommending that students wait to open the kits until they are under the care and supervision of an adult.

Kits will be handed out to students to take home with them as soon as the school receives them.

Teachers will tell students not to open the kits until they are safely at home with a parent or carer, however parents can contact the school and request to collect their kit from the school themselves if they prefer.

More information
For instructional videos and online resources
about where and how to fish,
visit the [Little Angler hub](#).

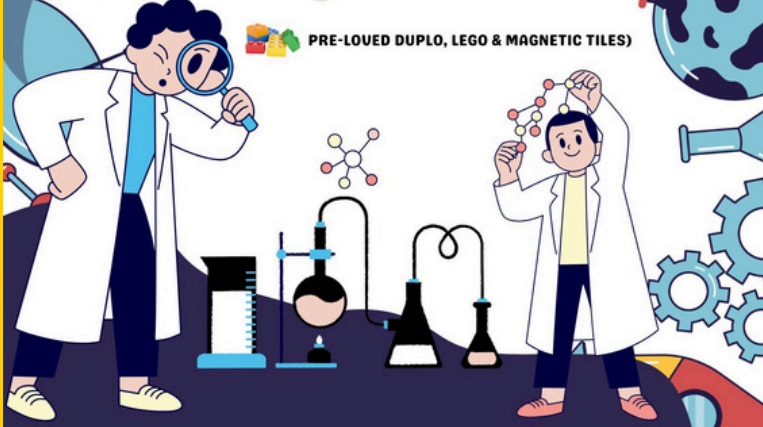

STEM RESOURCES REQUEST

We're excited to continue providing our students with engaging, hands-on STEM learning experiences in Term 3.

To help with this, we're looking for donations of clean, reusable materials. If you have any of the following items at home to donate, these can be left in the cardboard box labelled STEM at the front office. All donations are greatly appreciated!

-  **CARDBOARD TUBES (NO TOILET ROLLS PLEASE)**
-  **SMALL BOXES (E.G. MUESLI BAR, CEREAL, CRACKERS)**
-  **PLASTIC BAGS**
-  **PAPER CUPS**
-  **STRAWNS**
-  **PAPER PLATES**
-  **PRE-LOVED DUPLO, LEGO & MAGNETIC TILES)**

WHATS HAPPENING AT KINGSLEY PARK ?

Fundraising Goal
\$10,000 (\$5,000 goal
by mid year)

The SRC are very excited that the community is supporting their recycling fundraising efforts by using the school code when recycling to add to our fundraising total - thanks to all those from the Kingsley community that have helped us. We are trying to get to \$5,000 raised by the middle of this year.

On the last day of term the students voted on having a simple free dress day to bring a gold coin supporting the new soccer pitch and portable goals arriving in Term 3!

If you would ever like to donate to Kingsley Park, when completing your own recycling, here is our code.

Winter is Coming so is Flu Season!

As we enter the colder months of the year, it is important to remind families there are many things we can still do to prevent the transmission of illness be it COVID or flu-like colds and coughs:

- Stay home if unwell.
- Ventilation (Air purifiers on in school)
- Vaccinate
- Wash hands thoroughly after going to the toilet.
- Sneeze into elbow
- Sanitize hands on entry to buildings.
- Mask wearing

Our combined efforts to implement these above-mentioned strategies will go a long way to ensuring the overall health of all students, staff, and parents.

Reminder - Mobile Devices Policy

The school understands that a number of students own a mobile phone or a smart watch (with SIM capability). Students are not allowed to access their mobile phones or devices during school hours. Devices, including smart watches must be turned off for notifications.

From the beginning of Term 3:

All smart watches worn to school, along with mobile phones must be handed to teachers to be placed in lockable cabinets during the school day.
All students must give their mobile phone, tablet or smart watch to their classroom teacher to be stored away. Devices will be returned at the end of the day.
This policy can be found on our school website.

In one fun-filled day, kids will learn and play footy in a safe, inclusive environment. They'll pick up new skills, play mini-games and get creative with designing a footy or uniform. Plus have a footy goodie bag to take home.

4-7 YEAR OLDS*

Our youngest players learn footy through fun, age-appropriate games that build skills, confidence and teamwork, led by NAB AFL Auskick coaches.

7-12 YEAR OLDS

Older kids level up their footy skills through modified game play and challenging activities that build teamwork, leadership and lasting memories in a fun, energetic day.

*Kids can join NAB AFL Auskick if they are turning 5 in the calendar year (before 30th June in WA)

ARE YOUR CONTACT DETAILS UP TO DATE ?

It is very important the school has your most current emergency contact telephone details, email and home address. If you change telephone details, email or home address at any point, we ask that you update the school with your accurate contact details as soon as possible.

Please also update us if your employment status changes. This is an important one for the school data base as it does inform funding for the school on census dates.
